Northside Physio

Prepared for Sam Patel, Northside Physio • https://physio.example.com
Reviewed Thu, October 2, 2026 • Checked: 4 pages, 1 booking page, 3 hand checks

1 issue needs attention, and 2 items weren't verified.

6 Passed (1 fixed)	1 Issue found	2 Not verified

One issue needs your approval: the team page doesn't fit phone screens. The booking page couldn't be verified this month because the booking service blocked the automated check and was down when I tried by hand.

NEEDS ATTENTION

Page doesn't fit the screen — Needs your approval

What's wrong: These pages are wider than the screen, so they scroll sideways.
Why it matters: Parts of the page can be cut off, especially on phones.
Where: Team (mobile)
Next: Needs your approval: Rebuilding the team section so photos resize on phones

FIXED AND VERIFIED

Broken links: /old-pricing (linked from Services). Verified: Rechecked automatically: no longer found.

THIS MONTH'S CHECKS

Pages open 4 agreed pages	Passed
Secure connection (HTTPS)	Passed

Links within the site work	Fixed and verified
Online booking opens	Not verified
Desktop appearance looks right Checked by hand.	Passed
Hours, prices, and contact details are correct Checked by hand.	Passed
Booking shows open times and the steps make sense Not checked by hand this month.	Not verified

NOT VERIFIED THIS MONTH

Site blocked the automated check (Online booking): This isn't a problem for visitors, but these pages weren't verified automatically.

Booking shows open times and the steps make sense: Your booking provider was down for maintenance during this review. I'll check it next week.

WHAT I DID

Fixed: Fixed a broken link on the services page that pointed to the old pricing page (5 minutes of your included time).

NEXT STEP

Approval needed for: Rebuilding the team section so photos resize on phones
Estimate: about 1.5 hours, $150. Nothing starts until you approve it.

Checks and this report are included in Business Care. Fixes use your 30 included minutes a month, or a separate estimate you approve first.

Automated checks are read only. A page opening doesn't prove booking, payment, or form delivery works unless it's listed as checked by hand. This report isn't a security, accessibility, or compliance certification.
